### Learning II -- Why We do What We Do

We believe that learning should be:

- individualized
- active
- connected
- based on problem-solving

We believe that students learn best when they have:

- access to powerful tools and information
- opportunities to work both in groups and individually

- CLC mission statement:

Existing CLC mission statement:

The mission of the Centre Learning Community Charter School is to create a powerful, safe, secure, active, project-based learning environment in which students develop the necessary skills, knowledge, and attributes to lead a fulfilled and successful life.

Proposed CLC mission statement:

Minds that think, hearts that care, and the confidence to make things happen.
