

# Centre Learning Community Charter School

SECTION: PUPILS

TITLE: ENROLLMENT IN CENTRE  
LEARNING COMMUNITY  
CHARTER SCHOOL

ADOPTED: January 17, 2013

REVISED:

## **200. ENROLLMENT IN DISTRICT**

The Board shall enroll school age students eligible to attend Centre Learning Community Charter School, in accordance with Board policy, laws and regulations.

District of residence shall be defined as the school district in which a student's parents/guardians reside.

When the parents of a student reside in different school districts, the student's district of residence shall be that of the parent with whom the student lives for a majority of the time, unless a court order or court approved custody agreement specifies otherwise.

If the parents of a student share joint custody and time is evenly divided, the parents may choose which of the two (2) school districts shall be considered the district of residence for the school year.

If the student is an emancipated minor, the resident school district shall be the one in which the student is then living.

### **Enrollment Requirements**

A school age student in grades 5,6,7,8 shall be entitled to attend the Centre Learning Community Charter School.

The Centre Learning Community Charter School will determine its minimum and maximum number of students, based on its academic goals and its cost to operate. All students will be allowed to apply for these vacancies, based on the procedure described below. (There will be no entry testing, or prerequisite skills necessary.) First priority in admissions will be given to children whose parents have actively participated in the development of the school, and to siblings of students formerly enrolled in the CLC. If the number of students from sponsoring districts (districts that have approved the charter) applying for the remaining openings exceeds the number of openings available, a lottery will be held among these students to fill the openings. If the number of openings exceeds the number of applicants from sponsoring districts, applicants from other school districts will be admitted, via lottery if the number of out-of-district applicants exceeds the number of openings.

The Centre Learning Community Charter School shall not enroll a student until the parent/guardian has supplied proof of the student's age, residence, and immunizations and Parent Registration Statement, as required by law.

The Centre Learning Community Charter School shall immediately enroll identified homeless students, even if the student or parent/guardian is unable to produce the required documents, in accordance with Board policy, laws and regulations.

The Centre Learning Community Charter School shall not inquire about the immigration status of a student as part of the enrollment process.

Enrollment requirements and procedures shall apply to nonresident students approved to attend Centre Learning Community Charter School, in accordance with Board policy, by the Board.

The Centre Learning Community Charter School shall administer a home language survey to all students enrolling in district schools for the first time. Residency Eligibility.
